

## To Whom It May Concern,

This letter serves to confirm that **Mr. Pawel Pilipczuk** had a great professional attitude and healthy cooperation for the period that he have worked with our company, Enersense International Oyj at Olkiluoto 3, NPP project in Finland. **Mr. Pawel Pilipczuk** has conduct successfully the following listed responsibilities on the position of **Health & safety Officer** from 12.09.2017 until 26.07.2018.

- Ensure the workplace safety of a large team of painters and to comply with HSE statutory requirements
- Ensure that all painting work is carried out safely
- Conduct regular site safety inspections, safety training and follow up actions
- Be pro-active to propose safety issues to improve the level and the attitude on site
- Assist in incident investigation
- Conduct and implement regular risk assessments and present monthly safety findings
- Anticipate difficulties and propose alternative ways to work
- Preliminary review of the risk assessment/ method statement submitted by our client and contractors for commission activity and update if necessary
- check the implementation on site of safety rules and mitigation measures defined in the risk assessment
- Manage the safety inspection on site with the contractors. Follow up corrective actions defined during the inspection
- Closely work with supervisors and Construction group to have knowledge of the coming activities (anticipation) and involve them in the daily safety
- Patrolling the field with the focus on the examination of safe work. Help all coordinators, performance managers and supervisors to keep the focus on HSE.

If you have any questions please do not hesitate to contact the undersigned.

Sincerely,

**Ersin Dari**

**Site Manager**
